

AMIT MURMU

7470126490 | amitmurmu12360@gmail.com | [LinkedIn](#) | [Portfolio](#) | [Dashboards](#) | [GitHub](#) | Gurgaon, India

PROFESSIONAL SUMMARY

Data Analyst with professional experience in SQL, Python, Power BI, business analytics, dashboard development, reporting automation, root cause analysis, and operational reporting. Skilled in transforming complex datasets into actionable insights that support data-driven decision-making, process improvement, and cross-functional business initiatives.

PROFESSIONAL EXPERIENCE

Data Analyst | [EaseMyTrip](#) | Gurgaon, India

Sept 2024 - May 2025

- Designed and maintained Power BI dashboards and KPI reporting solutions across multiple business verticals, enabling stakeholders to monitor operational health, booking trends, revenue, and key business metrics.
- Performed deep-dive and root cause analysis of campaign performance, customer demand patterns, and marketing trends using SQL and Python, improving campaign efficiency by **15%** and increasing off-peak revenue by **10%**.
- Developed an automated API health monitoring solution using Python and MongoDB, processing **79,000+** flight requests with real-time alerts to improve operational monitoring and data quality.
- Analyzed flight scheduling datasets to develop operational performance metrics (OTP), identify operational trends, and support data standardization initiatives across cross-functional teams using Python and MongoDB.
- Integrated Google Travel Impact Model (TIM) API to calculate per-passenger CO₂ emissions for **324,000+** flight schedules, processing **3.2M+** records using Python with IATA validation before production deployment.
- Partnered with business stakeholders to translate analytical findings into dashboards, reports, and actionable business recommendations, supporting operational improvements and decision-making.

PROJECTS

AirGuardLegal

Jan 2026 - Mar 2026

Developer (Independent Project) | Aviation disruption analytics and compliance platform | [Live](#) | [GitHub](#)

- Built a real-time analytics platform to identify flight disruptions, perform operational analysis, and determine passenger compensation eligibility based on DGCA and EC261 regulations.
- Developed a flight data ingestion pipeline using Python, SQL (SQLite), and Aviationstack API, storing and querying live flight datasets to achieve ~ **98%** accuracy in disruption classification.
- Designed operational dashboards and automated alerting workflows to support disruption monitoring, compliance reporting, root cause analysis, and business decision-making.

NeuraSight AI

Aug 2025 - Dec 2025

Developer (Independent Project) | Automated business intelligence and analytics platform | [Live](#) | [GitHub](#)

- Built an end-to-end business intelligence platform using Python, SQL (SQLite), and Next.js for revenue analysis, churn prediction, customer behavior analysis, and KPI reporting across SaaS, fintech, and e-commerce datasets.
- Designed scalable data ingestion pipelines using SQL (SQLite), CSV, Google Sheets API, and REST APIs to process **90,000+** records for automated KPI analysis and business reporting.
- Implemented automated analytics workflows for trend analysis, anomaly detection, root cause analysis, and performance forecasting to support data-driven business decisions.
- Developed interactive dashboards to visualize KPIs, operational metrics, and business trends for reporting and decision-making.

SKILLS

Programming & Databases: SQL (MySQL, PostgreSQL, SQLite), Python (Pandas, NumPy, Matplotlib), Google BigQuery

Analytics: Business Analytics, Operational Analytics, KPI Reporting, Root Cause Analysis, Trend Analysis, Statistical Analysis

Visualization: Power BI (DAX, Power Query), Excel (Pivot Tables, XLOOKUP), Dashboard Development, Google Analytics

Data Processing & Automation: ETL Pipelines, Workflow Automation, REST APIs, Python Automation

Data Exploration & Quality: EDA, Data Cleaning, Data Validation, Outlier Detection

EDUCATION

Bachelor of Technology (B. Tech), Mechanical Engineering

2016 - 2020

Netaji Subhash Engineering College | Kolkata

CERTIFICATIONS - [Data Analyst Professional Certificate](#): IBM | [Power BI Virtual Internship](#): PwC – Forage
